**iTransit Operates Full Service Collision and Refurbishment Center  
in Downtown Orlando**

ORLANDO, FL – October 15, 2008 -- iTransit, Inc., a full-service transportation service company introduces its state of the art collision and refurbishment center, including a large paint and graphics division in downtown Orlando.

Conveniently located across from the Citrus Bowl, home to several college football bowl games and many other large scale events, the five-bay center has more than 16,000 sq. ft. to service motorcoaches and motorhomes, including a prep and graphics area, a flow through paint booth and a graphic and paint design center, as well as 900 square foot offices and customer lounge.

“Our collision technicians have a wealth of experience in the motorcoach and truck repair and refurbishment industry,” said Charlie Rydzewski, general manager of collision and refurbishment. “The paint technicians have been certified with several paint manufacturers and our in-house paint and graphics design team has tremendous bus and motorcoach experience.”

The collision center is equipped with a KUHN 20 ton power post pulling system, Miller welding and thermal arc cutting machines, axle jacks, safety stands, 10 ton port a powers and heavy duty pneumatic impacts.

In addition to collision and refurbishment, iTransit, a full-service transportation service company, will be the distributor of a 25-foot rear engine, low floor, para-transit shuttle bus starting in 2010.

“We are excited to offer this new, full-service center to the Orlando area. With our years of experience, customers can rely on us to provide excellent, expert service for any of their needs,” said Rydzewski.

Rydzewski is well known throughout the industry as a knowledgeable and hard working professional with more than 20 years spent with ABC Bus Companies, Inc. and Manheim Auto.

### **Strategic Partnership with Gameday Management Group**

iTransit has strategically aligned with Gameday Management Group to offer wide a range of event management and bus procurement services. Gameday offers event services such as traffic plan implementation, shuttle system design, travel demand management, vehicle permit plans and wayfinding signage planning and placement.

Through this partnership, iTransit offers bus operators the opportunity for a profitable and rewarding experience. As the procurement arm for Gameday, iTransit works exclusively with Gameday to fulfill their bus and motorcoach needs for all current and future large-scale events.

“We are thrilled to be opening this full-service facility in Orlando, said Mike Pouncey, CEO of iTransit, Inc. “We are able to not only provide expert repair and complete refurbishment, but complete event management. We will assist bus companies to ensure they have a successful and profitable large scale event experience.”

Pouncey has more than ten years of Travel and Tourism industry experience and has gained vast experience with motorcoach operators while working for Setra and IMG. He has served on the South Carolina Motorcoach Association Board of Directors as well as the Washington, D.C. Tourism Committee.

iTransit, Inc. is located in Orlando, Florida at 1424 West Anderson St. For consumer inquiries about collision and repair services, please contact Charlie Rydzewski at (407) 648-8737.
